

NOBAFIX[®]-sterile

REF 731104

Product Description and Purpose

The sterile fixation bandage is individually packed. It is 4 cm wide and 4 m long (in stretched condition). Owing to its weave, it has a fine, smooth and tight structure. As a damp bandage, NOBAFIX[®]-sterile is used to shape and/or fix plaster splints. It serves also as a fixation for wound pads.

Composition

Polyester

Normative and Legal Requirements

NOBAFIX[®]-sterile is a medical product in accordance with the MDD, class Is, rule 1, and complies with the requirements of the current medical device directive.

Sterilization of the product complies with DIN EN 11135.

The product does not contain dangerous toxic substances according to REACH. It has CE marking and DIN EN ISO 15223-1 labels on all its packaging.

Packaging

Primary packaging: paper-film resp. film-film packaging
